

Makutsi Safari Springs is a privately owned game reserve located in South Africa, one hour west of the Kruger National Park and about 60km NW of Hoedspruit.

Makutsi Main Camp is set on about 10 hectares of tropical and landscaped gardens that provide guests with plenty of quiet places to relax and take in the surroundings. There is no boundary fence around the camp and animals are able to roam around freely, which allows you to enjoy your own private safari whilst walking in camp or sitting on your private terrace.

The gold of Makutsi is our natural, warm mineral spring water. This water can be enjoyed in our outdoor pool and indoor Roman Bath. The same water also feed the Rondavels, and healthy mineral water pours out of your showers and taps, and is totally safe to drink.
