

Tented Camp

Walking requirements

To participate in **Makutsi Tented Camp Walking Safaris**, all guests must be aware of and accept the following requirements.

- All participants must be 16 years of age or older.
- All participants must be fit enough to cover a distance of 3 kilometres per hour — a total distance of 6–8 kilometres during the walk.
- All participants must be fit enough to walk for a duration of up to 2.5 hours.
- All participants must bring good, sturdy walking shoes.
- Wear neutral bush colours for all layers of clothing — dark khaki, dark grey, and shades of brown or green. Avoid white, black, and bright colours such as yellow or red, as these contrast strongly with the bush environment. Even light beige can stand out, and very dark blue has a similar effect to black.
- Participants must be willing and capable of carrying the following for the full duration of the walk: sufficient water, allergy or hay-fever medication (walks pass through grasses with pollens), binoculars, and a camera.

Should Makutsi management determine that any guest is not fit enough to participate in walking safaris, they reserve the right to substitute the Tented Camp experience with alternative game drives on the Makutsi reserve.
